API reference ..... 1

# API reference

You can access the details of all the Astra REST API calls, including the HTTP methods, input parameters, and responses. This complete reference is helpful when developing automation applications using the REST API.

The REST API reference documentation is currently provided with Astra and is available online.

## Before you begin

You need an account for Astra Control Center or Astra Control Service.

## Steps

1. Sign in to Astra using your account credentials.

Access the following site for Astra Control Service: <https://astra.netapp.io>

2. Click the figure icon at the top right of the page and select **API access**.
3. At the top of the page click the URL displayed under **API Documentation**.
4. Provide your account credentials again if prompted.
